INJUSTICE FOR ALL

Tom Conti: actor, director & writer

Tom Conti, an actor, director and writer, has neither legal nor scientific qualifications but a highly active imagination; an asset in both disciplines. Research for a novel brought him into contact with Tracy Alexander, who informed him of Inside Justice. His father having been 'interned' as an enemy alien during the war, the horror of being imprisoned as an innocent was an emotion that Tom well understood. Keen to be of assistance, he is now a Trustee and Advisory Panel Member of Inside Justice.

Tom's most recent acting roles include playing Albert Einstein in Christopher Nolan's thriller-drama Oppenheimer. The film had one of the most successful opening weekends of 2023, and received wide critical acclaim.

The Great Hall and historic
Court Room One at the **Old Bailey**

1715 Welcome drinks | 1800 Talk commences | 1900 Drinks in the Great Hall and tours of Court Room One

Fees: Members £25.00 Non-members £30.00 Students £20.00
