

RSM  LIVE

The Royal Society of Medicine

# Forensic practice and digital technology

## Episode One Thu 14 Jan 2021 from 7:00pm to 8:00pm

This is an exciting opportunity to hear from Jim Gamble, the former director of CEOP (child exploitation on line). He will speak about the role of digital technology, and how technology can be used in safeguarding. Delegates will learn about the role the internet in bullying and grooming for sexual offences.
